The subject of this research
The global conflict between Muslims and Jews

Conflict between Muslims and Jews, how it began?

Is it a religious or historical conflict?

Is it a contemporary political conflict?

How long will it last?

We are looking for an answer to these questions

The world is witnessing new events

Historical and contemporary politics

What about the Jews

And the Arab and Islamic region

The world has a history

It fluctuates between the fingers of the Jews

He aches between the nails of Zionism

They are events ... going according to the greed of the Jews

Desires and desires

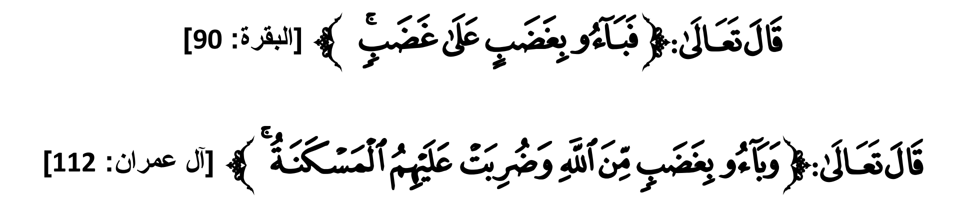

A world with their desires

Leaders of the world

They were preoccupied with material things

And control the wealth of the world

There is no respect for humanity

surat albakara (2) Aya(90)

surat Al- Imran (3) Aya(112)

Contemporary meanings

Allah mentions in the Qur'an

The Jews ... deserve the accumulated wrath of God

Everywhere and Time

___

The Jews write in the Torah and the Talmud

Jews are entitled to kill all non-Jewish people (Goyim)

All men are slaves to them

They kill them ... and they have all the money

And all wealth

In the universe

___

For this

The wrath of God was in the Qur'an

On the Jews

As ... God's wrath on the Jews

It is mentioned in the Bible

The causes of God's wrath are many

Of which...

Religious reasons ... social ... economic material

educational and psychological

God in the Quran ... mention of them

Always ... they kill the prophets

Always .. They break the covenant

Always ... Treachery and betrayal

Their hearts are harsh

Forging the Bible

They say this from the Word of God

In order to win financial ambitions

And political positions

They always work ... wars between nations

They are always working ... controlling the people's money

God was angry with the Jews in the Qur'an, the Torah and the Bible

for this reason.....

They are losers and dispossessed

They are waiting for the miserable end ... inevitably

The Jews ... are waiting for the revenge of the people

Raging volcanoes ... will explode all in their faces

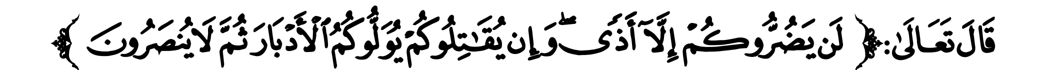

At any moment

They always work...

In order to control the economy.

It is hurt

Does not eradicate the historical or religious presence of Muslims

This shows contemporary reality

The goal of the Jews

The expulsion of the Palestinian people from their land

This people decided to stay

He made a real achievement

There must be a breakdown

From a very high place

They must fall from the top of the pyramid

It is God's curse.!

قَالَ تَعَالَىٰ: ﴿ وَإِذْ تَأَذَّنَ رَبُّكَ لَيَبْعَثَنَّ عَلَيْهِمْ إِلَىٰ يَوْمِ ٱلْقِيَـٰمَةِ مَن يَسُومُهُمْ سُوٓءَ ٱلْعَذَابِ ۗ ﴾ [الأعراف: 167]

Because of many acts and beliefs

---

what is happening now ?

They are strong!!

And they have a strong state on the land of Muslims!

That's why ... it's a break and a little time

Will end

Muslims will kill them

Therefore

Jews gather in one place

In Palestine

In order to eliminate them

In one fell swoop

قَالَ تَعَالَىٰ: ﴿ سُبْحَٰنَ ٱلَّذِىٓ أَسْرَىٰ بِعَبْدِهِۦ لَيْلًا مِّنَ ٱلْمَسْجِدِ ٱلْحَرَامِ إِلَى ٱلْمَسْجِدِ ٱلْأَقْصَا ٱلَّذِى بَٰرَكْنَا حَوْلَهُۥ لِنُرِيَهُۥ مِنْ ءَايَٰتِنَآ ۚ إِنَّهُۥ هُوَ ٱلسَّمِيعُ ٱلْبَصِيرُ ﴾ [الإسراء: 1]

surat al'iisra' (17) Aya(1)
Contemporary meanings

Allah is mentioned in the Qur'an

He sent the Prophet Muhammad

From the Sacred Mosque in Mecca

To the Al Aqsa Mosque in Jerusalem in the land of Palestine

In order for Jerusalem to be a holy land and blessing

Jerusalem is not alone

But all the earth around it ... It is the land of the Levant

____

The Zionists in the world

They claim

They own the land of Palestine

The Jews claim

That the Muslims demolished Solomon's temple in Jerusalem

They set up their place

Al-Aqsa Mosque

While ... in the religion of Islam

The truth is the Al-Aqsa Mosque

Built by the Prophet Ibrahim

David and Solomon restored this building

The goal is a place of worship for God

The goal is not ... racist, sectarian or nationalist

The goal is not ... the glories of the Jews alone

Not the goal ... they are God's chosen people

Or they ... sons of God and his loved ones

The Jews claim

This temple, the most important place of worship

Built by King David and Solomon in 1000 BC

It has religious and spiritual significance

Mentioned in the Bible

It is the house of the Lord

The Koran mentions...

The prophet Jacob (Israel)

He recommended his children and grandchildren to be Muslims

Based on that...

Solomon's goal is to unify God

As is the goal of Islam

He does not want to be a great king

As the Jews claim

He does not want to control people's money

He does not want to control the wealth of the people

Do not want wars with enemies

David and Solomon want

That all people believe in God

This is consistent with the teachings of Islam

And the words of God in the Koran

And the evidence is

The prophet Suleiman...

Rejection of funds and treasures of Balqis Queen of Sheba...

This is incompatible with the call of Jewish thought

In this time

There is no true history book

Confirms

That the Prophet Solomon

He built a temple on Mount Moriah in Jerusalem

According to the specifications mentioned in the Torah

Such as benchmarks ... construction tools

Tons of gold ... many kinds of wood

This construction is a lie

It is not about Jewish history

Or the children of Israel

The truth ... is the exact opposite

This building is related to other nations!

The prophet Suleiman

This temple was built in Jerusalem around 950 BC

Demolition (Nebuchadnezzar) in 586 BC

The priests of the Jews

They have restored this structure more than once

Roman leaders destroyed him

The Jews restored this construction again in 40 BC

(Titus) the Roman leader

Demolition in 70 m

(Titus) demolished all of Jerusalem, leaving only a wall

In the west

(Andrianus) Roman leader

The demolition of the temple in 135 AD

Again ... Jerusalem was destroyed

The Jews were expelled from them

And established a new city, named (Elia Capitolina)

(Makarios) of the Israeli historian

He said:

Here ... Any year 135 AD

The history of the Israeli people has ended

The name of the Israeli people ended

Because the children of Israel dispersed in the countries of the world

They lived in the country a harsh and painful life

Because the people of the country avenged them

Because they are committing crimes

In 313 AD

The king (Constantine) and his mother (Helena)

They changed the nature of this place

From a temple ... to a place of waste (dustbin)

Revenge against the Jews

Year 637 AD

Muslims entered the city of Jerusalem

They started cleaning the garbage

It is mentioned in history

Omar bin al - Khattab ... Leader of Muslims

Co ... is the same ... in cleaning the junk

Then...

Muslims established the Al-Aqsa Mosque in this place

since then

Its new name is (Al-quds) or Jerusalem

It is the fourth building

The building was preserved in this form built by the Muslims

till this day

This temple

In fact ... is a mosque for prayer

With different names

Temple, temple or mosque

This fact confirmed it

Quran and the Prophet (Muhammad)

that is the true

Also confirmed by ... the historian of Ibn Abri, Gregory of John (1243-1286 AD)

President of the High Priests of the Levant

An important question

Muslims ... Why do they know old mosques?

In Mecca, Medina and Jerusalem

Christians ... Why do they know old churches

In Bethlehem, Jerusalem and Nazareth

Why Jews do not know ancient temples

Why do they disagree?

They look for her above the ground and do not find her

They dig underground and can not find it

Jews choose a specific location

This must be where the temple!

Is this a mood?

Or is it ... political and military decisions?

In order to control the largest area of land

surat al'iisra' (17) Aya (2)

And oppress all peoples

God Almighty said in the Koran

Jews exploit this great power

Exploit this great thing

In order to dominate the universe

Spread corruption throughout the world

They make war between nations

They commit crimes after crimes

They think they are

They can stay

Jews have banks in the world

And they control wealth ... with deceit

They are a tragedy in the countries of the world

Jews control the media

In most countries of the world

And spread prostitution, permissibility and diseases

They have

Ability to make decisions in the world

Jews think they are the masters of all human beings

They think they have the whole world

Think ... in this universe...

That holy human blood

It is Jewish blood only

They control the most political decisions

They have hidden influence in the East and West

They have influence ... in making wars against Muslims

This great elevation is mentioned in the Qur'an

It is the same...

It is the fait accompli that is happening today

It (the State of Israel)

The result...

All cosmetics in this world

And all the media they have in the world

It failed ... that the face of the Jews is beautiful

It's still uglier!

Jews ... own it alone

The Lord in heaven gave it to them

To them and to their descendants after them

In order to achieve the political objectives of the global Zionism.

But they ... expanded a lot

The Torah is mentioned

As mentioned in Genesis, chapter 15, paragraphs 18-19.

In modern times

The Zionist movement did not provide clear borders

As ... the texts of the Koran

The Jews were deterred from engaging Abraham in their affairs

Because the time of Abraham, a pre-Torah for more than four centuries

---

The Quran is clearly mentioned

That the owner of this land are the righteous believers

Without other people, at all times and places

this is what happened

Muslims have dominated this land for many centuries and are connected

---

The covenant of the Lord in the Torah relates to the children of Israel as a human race

Without mentioning the Jewish religion

This is a confusion between religion and human race

Where are these?

And where are Jews today of this purity!

____

Also to be ...

Many nations embraced the Jewish religion other than the Israelites

These constitute 92% of the population of the State of Israel today

The real percentage of Israelis (8%)

____

Also ... the books of the Torah

Do not make an argument

There is no covenant or promise

Because they are distorted and forged

____

The books of the Torah are mentioned a lot

The Prophets of the Children of Israel and their followers ...

They lied to Allah

And they changed the word of the LORD

It is so ... witnessing itself

The Book of Psalms, Chapter (56)

The Book of Jeremiah, Chapter (14)

____

This is the case

Are they honest or liars?

In the covenant of the Lord in the Promised Land

Do we believe the Lord?

Or believe the prophets or saints?

And each of these lies

And God forbid of these texts and those who put them.

Also to be ...

If the Jews, they call this land a homeland for them

They relied on the Torah

They considered it sacred in word and deed

So ... all texts must be sanctified

without exception ....

There are texts in the Torah

It was imposed upon the children of Israel

To believe in God ... and to worship God

And do good deeds

for

Possession of this land ... the Promised Land

The Book of Jeremiah, chapter 23, and the Book of Deuteronomy, chapter 6.

Is it really ... the children of Israel believed in the Lord?

Or are they ... worshiping the cow of Moses and Aaron?

Or are they ... more enemies of those who believe?

Or are they founded

The largest financial institutions in the capitals of the world

In order to ... control the country's wealth?

Poverty and hunger are spread throughout the land

Also ... shedding human blood in Arab and Muslim countries

They used phosphorous weapons

Smashed electricity, hospitals and other property?

Did the children of Israel keep the commandments of the Lord ... as He commanded them?

Or they ... worship themselves and their whims!

Or is the Lord in heaven?

He decided that Israel would perish from all the earth?

As mentioned in the Book of Kings I, chapter (9)

Allah mentions in the Qur'an

You Muslims ...

You did not expect the Jews to leave the land of the Arabian Peninsula in 628 AD

They were very strong

They have a great army and a lot of weapons

And now they came out quickly ... from their cities and camps

---

The Jews ... were expecting

That this great power is greater than God

Confident of themselves

They were sure

They will never leave their camps

And they came out quickly ...

No use of a lot of weapons

No benefit from the strong army

No use of great money

And soon ... history repeats itself

There is no use of atomic or nuclear weapons

No use of military technology

No use of biological, chemical or phosphoric weapons

No use of cyber warfare.

Muslims ... feel secure, in this time

Muslims are sure ... that the departure of Jews from the land of Muslims

Will be soon

God told the Jews in the Koran:

In 628, you were a great power

The Muslims were weak

However

Muslims won

Muslims took you out of your camps

Muslims took you out of the Arabian Peninsula

So is the case in this age

No matter what ... the difference was great

In military power and technology

Complex programs and modern weapons

Between Muslims and Jews

But history is repeating itself

How do ??

God sent a psychological punishment

To where they thought safety

It is a defeat they did not expect

In a quick time

He did not notify them

Fear and terror .. within their hearts

They opened the gates of the camps ... with their hands!

They are demolishing their homes with their hands!

Hit them ... a state of hysteria

They lost control of themselves

They counted everything

except if ...

They lose control of themselves

This will be in the last war

In Palestine

Jews believe ... they are the giants of the world

They have wealth, industry and power

The Jews have strong aid

Jews believe ...

They are capable of destroying all Muslim peoples

But the truth ...

They will collapse quickly ... at a moment that does not occur to them

God ... mentions in the Koran

You Muslims

You have to think about the Jews

Oh Muslims, do not despair, do not be upset by the power of the Jews

Muslims, do not be upset by the development of industrial and technological

Jews

Do not be upset if they ...

possess various types of atomic and nuclear weapons

Do not get upset if they ... have the economy, the money and the banks

The Jews were as well ... they were in earlier times

God destroyed them quickly ...

And expelled them all over the world

God ... gives Muslims great power

How do ?

There is a requirement ...

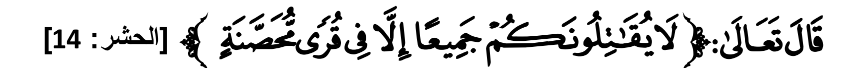

To worship God as He commanded them in the Qur'an

God is mentioned in the Qur'an

The inevitable result

Muslims win the war

The Jews are defeated

surat Al – Hashr(59) Aya(14)

Contemporary meanings

Allah is mentioned in the Qur'an

That the Jews are cowards

They fight Muslims

Only in very secure locations

Jews are fighting Muslims

Within the cities and camps above the heads of the mountains

Surrounded by walls and protection

Control towers

It is today ... Israeli settlements

Founded by Jews on Palestinian lands

The number of settlements (474)

Until the year 2012

In the areas ... between Palestinian cities (West Bank)

It seems ... protected

By choosing high areas of land

On the tops of mountains and plateaus

Surrounded by a high concrete wall

Network of electrical security wiring

Electronic Monitoring System

Cameras by distances programmed and regular

Establish artificial natural barriers

Earth barriers and concrete blocks

Adjacent security roads and military patrols.

قَالَ تَعَالَىٰ: ﴿ أَوۡ مِن وَرَآءِ جُدُرِۭ ﴾ [الحشر: 14]

surat Al – Hashr(59) Aya(14)

Contemporary meanings

Allah mentions in the Qur'an

Jews are cowards

Do not fight Muslims directly ... face to face

They have a lot of weapons ...

With that ... hiding behind the walls

Not surprising

To ask your weak enemy, he is immune from you

But the strange

The strong enemy asks you to kill you

You, the weak, do not possess a weapon

He ... is immune from you !!

High walls

Between Jews and other human beings

This is a biblical heritage idea

The Torah is full of ideas ... about the walls of Jerusalem and Jericho

Also to be ...

Jewish isolation and non-integration with peoples

This is known in Jewish history

____

From the Torah and the Talmud

The idea of "ghettos" emerged in modern times

____

And so on

Allah mentions in the Qur'an

To the Messenger of Allah (Muhammad) and all Muslims

That Jews are Jews, everywhere and in time

Cowards from direct confrontation

____

As for what is happening today

The Jews are defeating the Arabs

Jews triumph over Muslims

The reason is that Arabs and Muslims

They left the teachings of Islam

____

Muslims ... do not fight Jews according to the teachings of the Koran

But fight them according to the teachings of nationalities

They are only Arabs !! They are not Muslims

Muslims today

Do not rely on God

Muslims ... depend on America, Europe and Russia

Muslims ... do many sins

Because of that ... God is angry at the Arabs

God Almighty .. mentions in the Koran

That the Jews are cowards

Do not fight Muslims face to face

But they ...

They fight Muslims behind security walls

____

The Israeli government established this wall in 2002

The foundations of the Wall (Ariel Sharon)

Former Prime Minister of the State of Israel

In order to protect the Jews and the Israeli people

Of the Palestinian resistance

This wall is about 770 km long

____

That was ... the biggest evidence of weakness and fear

The Jews live in the State of Israel

In a state of great terror

No benefit from the military arsenal

No use of war technology

No use of non-conventional weapons

There is no point in the 200 nuclear warheads Israel possesses

And what is mentioned in the Koran ... is achieved

____

Undoubtedly

That this wall

Is the biggest victory for Muslims

There is no danger at all from the (State of Israel)

Announced itself a lane or a ghetto

It has become surrounded by walls

And minefields

Jews flee from Muslims

All this is because

That the Jews have done many crimes

Thus ... the Jewish people

He entered the ghetto cell with his consent, and at his expense!

Theories of the Collapse of the State of Israel

Main ideas and results:

1. The emergence of an entity
   for Israelis on the land of Muslims,
   in the form of a strong state with a great influence in the world, was the will of God,
   and that the demise of this entity will be so,
   this is a fact and a doctrine.

Who believes in God,
will believe in it,
and who doesn't believe in God,
he will burden the consequences of his disbelief.

2. There is no lesson in the claim of the Jews,
   that they inherited this land in the name of the Lord in heaven
   since the time of Abraham,
   because the land
   is inherited by the righteous slaves of God,
   conditionally,
   if they are Muslims on the approach of God.

3. The prophecy of the Qur'anic text:

﴿فِي قُرًى مُّحَصَّنَةٍ﴾ [الحشر: 14]

(**from fortified strongholds**) [Al-Hashr: 14]

to refer to the Jewish settlements in Palestine.

They are immune to the rise of hills
and mountains,
surrounded by fences and watchtowers.

If the Jews appear to others one moment,
they can't survive.

This is the case of the entity of Israel.
Once it feels the real danger,
it breaks down and collapses.

4. The prophecy of the Quranic text:

﴿أَوۡ مِن وَرَآءِ جُدُرِۭ﴾ [الحشر: 14]

(**or from behind walls**) [Al-Hashr: 14]

proves that the construction of the Jews of this wall
is the greatest victory for the Arabs and Muslims!
There is no danger …
at all of a state that declared itself a neighborhood
or a ghetto and surrounded its people with walls,
trenches and minefields.
It will continue to be frightened and terrified,
trying to escape from those who persecute its people.

Those people
who are like criminals who enter their cells with their consent
and at their expense!
Waiting for their end!

5. The prophecy of the Qur'anic text:

﴿وَلَتَعۡلُنَّ عُلُوّٗا كَبِيرٗا﴾ [الإسراء: 4]

(**and you will rise to a great height**) [Al-Isra: 4]

This elevation
is the one we are witnessing today
concerning the establishment of the State of Israel.

From the authority of this entity,
the Jewish control extends to the decision-making centers
in the world;
on its economy and media.

This height must end
at the hands of strong people,
to fulfill the mentioned promise of the Lord,
as stated in this prophecy,
to end the existence of this entity.

6. The prophecy of the Qur'anic text:

﴿وَجَعَلْنَاكُمْ أَكْثَرَ نَفِيرًا﴾ [الإسراء: 6]

(**and made you more numerous**) [Al-Isra: 6].

The Jews today,
are the most utilitarian of most of the world.
This appears in the attitude
of America and other countries,
in addition to the media and the internet websites.
All of these support the Jewish positions.
Most countries try to satisfy the Jews.

By this way,
the Jews reached the highest level of the pyramid.
This means the slippage in the abyss then.
This is because these trumpets (countries)
always try to satisfy this entity,
though feeling hatred inside.

7. The need to understand the Qur'anic discourse
of the Jews at this time:

﴿إِنْ أَحْسَنتُمْ أَحْسَنتُمْ لِأَنفُسِكُمْ ۖ وَإِنْ أَسَأْتُمْ فَلَهَا﴾ [الإسراء: 7]

(**If you work righteousness,
you work righteousness for yourselves;
and if you commit evil,
you do so against yourselves**) [Al-Isra: 7]

as a threat and not a choice.
Jews can't be good,
because in the case of weakness,
they were not good too,

so they will not be good when they are strong.
Then their abuse to others will be done.

The evidence
is mentioning the second condition tool in the saying:

(فَإِذَا)

(**If**) after mentioning
the first condition tool in saying:

(إِنْ)

(**If**) and then he mentioned the answer of the condition:

(لِيَسُـٔوا۟... وَلِيَدۡخُلُوا۟... وَلِيُتَبِّرُوا۟)

(**they will make your faces filled with sorrow…
and enter … and utterly destroy**).

This means
that their material and moral height of their stare must disappear.

8. Confirmation of the destruction of this entity,
   in terms of the Qur'anic text:

   ﴿وَلِيُتَبِّرُوا۟ مَا عَلَوۡا۟ تَتۡبِيرًا﴾ **[الإسراء: 7]**

   (**and utterly destroy all that falls into their power**) [Al-Isra: 7].

   Its meaning is:
   being destroyed.
   This is the image of destruction that overshadows everything,
   in terms of the text and repeating the word:
   (and utterly destroy) which Indicates confirmation.

9. From the interpretation of some readings,
   another theory appears,
   that the war with the Jews will be in two stages:
   First:
   it will end with the victory of the Muslims against the Jews
   and the destruction of their entity
   and the restoration of Palestine,

with the survival of a group of them alive.
The second:
the Jews will be exterminated completely,
there is no one left.
At this stage,
the Jew hides behind stones and trees,
as mentioned in the Hadeeth.

10. Considering the lesson in understanding the Quranic text:

﴿وَإِنۡ عُدتُّمۡ عُدۡنَا﴾ [الإسراء: 8]

(**But if you revert, We will revert**) [Al-Isra: 8]

as a threat from God to the Jews,
and that God can eliminate their entity,
not only once,
but times and times.

It has another meaning
that the Jews will not be eliminated completely,
but they will witness the life of prosperity and height.
one they rise and reach a great height,
the sever plague will come to them.

11. Almighty God says:

﴿لَيَبۡعَثَنَّ عَلَيۡهِمۡ إِلَىٰ يَوۡمِ ٱلۡقِيَٰمَةِ مَن يَسُومُهُمۡ سُوٓءَ ٱلۡعَذَابِ﴾ [الأعراف: 167]

(**He would send against them,**

until the Day of Resurrection,
those who
would inflict terrible suffering upon them) [Al-A'raaf: 167].

"Them" means on the Jews,
he sent them the Pharaoh of Egypt,
and then the Babylonians
and Romans times and times,
then Muslims in the time of the Prophet,
then the rulers of Europe in the Middle Ages,

then the Germans in modern times.
This is the will of God
which doesn't stop to the Day of Resurrection.

What is happening today to the Jews in Palestine,
is only a passing period of revival.

12. The meaning of the words of God:

﴿لَيَبۡعَثَنَّ﴾

(**He would send against them**)
means returning to God suddenly,
such as returning from the tombs,
which doesn't require a long time.
They won't live for so long
because the hints of salvation become closer.

13. God tell us in the Qur'an,
the news of people before and after us,
on the basis of how the Jews were
and what will happen to them in the future.
He said:

﴿ضُرِبَتۡ عَلَيۡهِمُ ٱلذِّلَّةُ أَيۡنَ مَا ثُقِفُوٓاْ﴾ [آل عمران: 112]

(**They shall be humiliated wherever
they are encountered**) [Al-Imran: 112].

This means
that humiliation imposed on them wherever they are,
and this is a divine decision that must occur.
This concept is turned in our time
because of the wisdom of God through meanings,
to see how God will cut the rope,
and then they fell from their highness,
in a moment of pride.
They will fall from the top of the pyramid.

14. The most correct sayings
in the jurisprudence of modern thinkers,
in the interpretation of the two times of corruption

mentioned in Al-Isra,
that the first occurred
because of the objection of the Jews to the Islamic call,
because Prophet Muhammad is an Arab,
they have been eliminated by killing
and expulsion from the entire Arabian Peninsula to the Levant.
The second happened in Palestine and we are witnessing today.

15. The great and paradoxical difference
between ancient and modern thinkers
in determining the two times of corruption
and destruction is
because the Jews
before the establishment of their state in 1948
were weak and homeless in the world,
and no one expects them to have a homeland.
This is contrary to the rapid events
in the second half of the last century.

16. The two times of corruption and destruction of the Israelis,
indicate conclusively historical interpretation,
that with the nation of Islam alone,
this nation is strong victorious by the time of the Prophet,
and then weaken with the passage of time,
then the Jews become stronger
and occupy Al Aqsa Mosque,
and then the second and last time occur,
when the others return Jerusalem and end their existence.

17. The future of survival
and steadfastness on this land, is not related to God,
whether they were: (God's chosen people)
or were: (sons of God and the loved ones),
or were Muslims who are away from the religion of God,
but the real heirs of this land.
They are the believers who follow the approach of God.

18. The entity of the Israelis on the land of Palestine
walks fast towards its end and destruction,
and that the Jews gathered in this land to be slaughtered.

19. The idea of issuing the Balfour Declaration
and gathering Jews
from all over the country on the land of Palestine
was a service to the Arabs and Muslims
in a way they didn't know.
Because the knockout of these,
requires them to be in one place,
surrounded by the angry masses,
as if they put themselves in a trap
which they chose themselves!

20. Most people in the world today
see that the gathering of Jews
from all over the country in Palestine
is a complaint against Arabs and Muslims,
but the truth is not this.

How can Palestine be an altar to these people?

while they are scattered all over the world and abroad?

21. The Jews
committed the Arabs and Muslims
to accept their false religious beliefs in their homelands.

They establish their biblical state
on the land of Palestine by force,
murder and oppression.

22. Achieving the argument that says:
(What is taken by force only recovered by force)
without being deceived by formalities or peace treaties.

23. The idea of the establishment of the State of Israel
was for religious reasons on the surface,
but political in its core,
in order
to achieve the interests
of the great colonial powers in the West,
which is called the "Detaining Power" or "spearhead".

24. The emergence of an armed military apparatus of Islamic movements inside Palestine is the result of Palestinians' disappointment because of putting the reasons for victory on nationalist, secular, leftist ideologies or other imported ideas.

25. The reason for the survival of this entity in Muslim countries is not from itself, but because of the external supply, its material and moral support, and the protection of a number of major Powers for it.

26. The necessity of taking advantage from the words of God:

﴿مَا ظَنَنتُمْ أَن يَخْرُجُواْ﴾ [الحشر: 2]

(**You did not think they would leave**) [Al-Hashr: 2]

and they came out by force, and with all the meanings of humiliation and refraction. Who evacuated these people and removed them from the Muslim countries in 6 AH - 628 AD, when they are so powerful can remove them again and again.

27- The popular revolutions that broke out in Palestine, throughout its contemporary history with the Jews has the Islamic character, which contributed in making the Arab land Islamic, and fueling religious feelings against the Zionist project.

28 - Those who deal with the Jews on the basis of the Qur'an guidance will not be fooled by them because they returned to fight the Islamic nation in its home after hundreds of years.

29 - Not depending
on explanations, hypotheses or theories
to recover the occupied land
and get the salvation from this occupier,
but the way to recover this land is long and painful,
and it requires great efforts and sacrifices.

30 - The conflict on the land of Palestine is ideological,
between two categories:
a believing part and an infidel part,
not because of race or nationality,
nor in abundance of numbers or equipment.

The victory will be for those who support God
by the commitment of his teachings.

31. One of the most important reasons
for the repeated military defeats of Arabs with this entity
is the exclusion of Islam from reality and society,
without giving a regard to Qur'nic standards and directions.

32. The Islamic type of the issue of Palestine
is a constant Qur'nic commandment
that does not accept tampering or change.
It concerns all Arabs and Muslims in this world,
despite the attempts of world Zionism
since hundreds of years ago,
to limit this conflict within a framework of Palestinian,
political, national or religious organizations
which can't protect themselves!

33. Solomon's Temple,
which the Jews claim to exist in Jerusalem,
is in fact Al-Aqsa Mosque,
which was built by Abraham after 40 years
of constructing Al-Kaaba.
It was reconstructed
by David and Solomon peace be upon them,
as a mosque for worshipping God,
and then it was rebuilt

by the Caliph Umar ibn al-Khattab in the modern era,
is just a lie and a political Zionist claim
to own the land and what is on it!

34. The suffering of the human spirit in this entity,
the alienation of man and place,
the diversity of cultures
and the lack of integration
with hundreds of millions of angry Arab and Muslim masses,
lead this entity to think about leaving
and going out of this nightmare to any other place.

35. the feeling of the Jewish in this entity,
that he is accused and persecuted constantly.
This affects and puts him in a state of fear
even within himself and his home.
This drives him to get rid of this situation
and choose another place in this wide world,
or go back to where he came from.

36. The State of Israel derives
its existence and sustenance
from the global material and political support,
in accordance with an organized and programmed balanced plan.

This means
the mere occurrence of any disturbance
or emergency change in the international equation
will let this state find itself lost
and suspended between heaven and hell.

37. To guarantee the existence
of the State of Israel on the land of Palestine,
an official international protection
should be available provided by the surrounding Arab regimes
without their people.

This means that
any change in these regimes
will make this state empty of its citizens overnight.

38. This country
may lose control of its existence at any moment
because more than six million Muslim Arabs are in it.

They are able to upset its balance,
as the boat which loses its balance,
turns over and drowns in a moment.

39. The false claim by the Jews
that Al-Aqsa Mosque
was built on the ruins of the temple.
although the excavations of the Israeli Ministry of Antiquities
since the occupation of Jerusalem in 1967,
have proved completely
that there are no remains or of this alleged temple.

A question rises here:

Why Muslims and Christians
as well know their sacred places everywhere,
while the Jews are looking for them and can't find them !.

40. The Jews in general,
are the most hostile to those who believe.
They are the murderers of the prophets,
who distort the holy books,
and then claim that they are the children of God,
and the Lord gave them the Holy Land
to build their state on this claim,
does this state have to stay?

41. The God is angry at the Jews as mentioned in Qur'an,
and some texts of the Bible.
He will give them a divine punishment,
so how those people will succeed
and live in a safe and stable state,
while the anger of Lord is a lieutenant for them forever?

42. The development of this entity
on the land of Palestine is accidental
and because of the first presence of the real owners of this land.
They exist thousand years ago
before the entering of David and Solomon,
there is a lesson for the killing, oppression and displacement
to put the people away from their land,
because those people will resist
and defeat this creeping entity.

43. The failure of this occupying state
to replace the real people
because of the popular revolutions, movements and national,
Islamic organizations in Palestine,
after seventy years of the establishment of this entity.
This indicates
that the generations
that have arisen will stand and fight this entity to remove it!

44. The lack of Jewish spiritual affiliation to this land.
This can be proved through seeing
that thousands of Jews will travel outside Palestine,
in a case of a Palestinian Intifada happens
or the fall of an missile.
This means the collapse of the State of Israel.

45. The legitimate owners of the land
have forgotten their pain and wounds.

They resist Israelis despite of their madness and strength.
They are more capable of surviving on this land
in all circumstances and situations.

46. The Palestinians maintained
a resistant demographic existence
which leads to the failure of the Zionist project,
whose goal was to deport them,
and bring Jewish immigrants to their place instead of them.
There is no doubt that it is a strange anachronism,
that this human achievement is born
from the womb of a military defeat!

47. This awakening,
which appears on the face of the Jews today,
is nothing but the awakening of death.
They wear after it a garment of shame,
then a wave hits and throws them to the worst place,
and then they live to be hit by another wave.
They move between torment and torture.
They do not find a safe life, nor rest in death.

48. One of the most important elements of any real state
to be developed,
is the sense of security and stability.

This is not available to the Jews,
but they are in dire need of it.
No one should be tempted
by the forms of industrial
and academic development in this entity
because those companies
are just industrial ones which end soon.

49. Not to be tempted by the military arsenal of the Jews,
possessing (200) nuclear warheads,
and not to surrender to these delusions,
but to prepare for what is coming,
and to relinquish the artificial obstacles.

50. The claim that the Jews in this entity have great power.

The reality that we live in our country testifies
its inability to protect its entity against the will of the people,
or to face a child with a stone,
or knife, or the simplest tools of resistance.

51. Jews are always chased
by the nations and peoples of the world without exception,
and their presence on the land of Palestine,
but is the presence of coercion and no choice,
because if they came out,
they will not find a land to welcome them.

In this case, they wait for their fate inside their walls,
like a criminal waiting for the death sentence.

52. The survival of the Jewish State in Palestine
is an impossible reality
and is not supported by the circumstances and evidences
that have been observed.

This fact has been confirmed
by Israeli thinkers and international scientific studies.

53. The massacres
committed against Jews throughout the world,
the persecution of the rulers of Europe for them,
and their expulsion from it later.

They used to travel from country to country,
until they reached the land of Palestine.

All these combined events,
confirmed the truth of the Qur'an,
that this is the land of their death,
and it is the last travel for them.

54. The establishment of the State of Israel
on the land of Palestine
is the decision of God by human,

American and European instruments
in order to satisfy political desires whenever necessary.

If this need ends,
the demise of this entity will be the decision of those
as they were at the time of its establishment.

This means
that the demise of this entity has been met by two decisions:
divine and human.

55. The Jews of this era,
are a religious and historical extension
of the Jews of previous ages.

They match how
the verses of Qur'an and Hadeeths describe them
because today's Jews
have accepted this religion and history,
they are still proud of it.
So, they must be ready to face any consequences.

56. The certainty that the demise of the State of Israel
from this land is possible,
despite their great power,
and leave the illusions that say:
(Jews are impossible to get out of Palestine),
because this quote said by Muslims before us,
the time of the Prophet. This is confirmed by this Qur'anic verse:

﴿مَا ظَنَنتُمۡ أَن يَخۡرُجُواْۖ﴾ [الحشر: 2]

(**You did not think they would leave**) [Al-Hashr: 2].
They have been expelled from their cities
and their strongholds with killing and captivity.

God is able to take them out again and again.

57- The need for Muslims
to be sure that the equation of war with the Jews
is a divine equation, not a technological one,
and that the throne of Allah is higher than planes,
rockets, and satellites.
This is proved by the Qur'anic discourse:

﴿فَأَتَىٰهُمُ ٱللَّهُ مِنۡ حَيۡثُ لَمۡ يَحۡتَسِبُواْۖ﴾ [الحشر: 2]

(**But God came at them**
from where they never expected) [Al-Hashr: 2].

God means the Jews
in their war with the Muslims in Al-Madina.
It was a defeat they did not expect.
It came from a place and time they believed they are safe.

They collapsed within themselves!
They were the owners of great power,
influence and control.

They expected everything,
but the attack comes from their entity!

58. The necessity of Muslims today
to learn from what happened to the Jews
at the time of the Prophet.

Muslims should not be tempted by the possess,
the capabilities and decisions of the Jews
or by their industrial, military, atomic and nuclear powers.
They were like this in earlier time,
and then they were displaced in the world
for 1440 years continuously.

59. The reason for the establishment of a strong and superior state
for the Jews on the land of the Muslims
is not because they deserve it,
or because they are intelligent,
rich and scientists,
but it is a tax from God to Muslims,
because they abandoned their religion.

60. The argument that says
that the Lord gave (the land of promise) to the Jews
in the texts of the Torah,
in successive periods of time,
which included fifteen prophets in about (1500) years,

starting from Abraham about 4000 years ago,
and ended in Malachi (2400) years ago,
is completely false one,
and who reads the texts of the Torah in different versions
would think that the Lord in heaven,
has a real estate office to sell and distribute lands!

61. The claim of the Jews
that the Lord in heaven
gave this land to Abraham
and that he inherited
it is a false claim,
because they deleted the name of Ishmael from the biblical texts
after the appearance of Islam.
He was his eldest son and the his only one in that period.
They forgot him and kept the name of Isaac
because they are his descendants
as if they
can deprive the Arabs of their inheritance in this land!

62. The claim of the Jews
that the Lord in heaven
gave the Jews this land and that they deserve
it is a false claim,
because the word (the people of Israel)
does not in any way apply to the Jews of this time,
but they are the crumbs and remnants of the nations
after their homelessness since 70 AD and 135 AD until
they met in 1948,
so, this word doesn't apply to them by only 7%.

63. The claim that the Lord in Heaven
gave Abraham this land,
is a false claim
as mentioned in more than one text in the books of the Torah,
because Abraham himself,
did not have a property in it.

He asked the Arabs in Hebron
to give him a place of a grave to bury his wife Sara,
and bought it for (400) NIS.

64. While the text of the Qur'an
forbid the Jews
from including Abraham in what relate to them,
because Abraham's time
was before the Torah for about 400 years,
while the Bible came down after the Torah
about a thousand years!

65. The covenants of the Lord in the Torah
about the Promised Land refer to the people of Israel
as a human race,
without mentioning the Jews as a religion,
and Israel is Jacob.

According to Israeli law,
a person is considered Jewish
if his mother is a Jew
or the grandmother of his mother,
or if he becomes a Jew In a manner
that the Israeli authorities would accept!

This is a clear and scandalous confusion between sex and religion!

66. The Torah, however,
does not make an argument on a covenant or promise,
because it is distorted,
and that the books of the Old Testament
have repeatedly claimed that
the prophets of the Israelites
and the followers of the Prophets lied to God
and distorted his words
and fabricated false dreams.
For example, the book of psalm on the tongue of the Lord:

"What shall the men do to me?
All day they distort my words.
All their thoughts are evil".

"And in the Book of Jeremiah:

" The LORD said to me,
"By falsehood the prophets prophesy in my name.
I did not send them,
nor order, nor talk to them.
With false vision, divination,
and falsehood, they prophesy to you. "

And we are today in this case,
we wonder:
whom should we believe in and lie in.
Should we believe the Lord?
Or believe the prophets?
Or believe the rabbis?

And each one of them lies to each other!
67. The Lord requires the people of Israel,
in order to possess the Promised Land to fear God,
to worship him,
to observe his commandments,
to perform His ordinances and to do good deeds.
Where are these commandments
from their sayings and deeds today,
To own this land?

68. Then the Lord threatens the people of Israel in the Torah
with destruction as stated in some texts:
"I testify to you today
that you will surely perish.

As the people whom the Lord destroy before you,
as ye shall perish,
because you have not obeyed the word of the Lord".

Have the Jews heard the word of the Lord?
Or did they say:

﴿سَمِعْنَا وَعَصَيْنَا﴾ [البقرة: 93]

(**They said, "We hear and disobey"**) [Al-Baqarah: 93].

Or will this state continue to exist,
and the Lord threatens them
in their journey to annihilate inevitably?
69. Do the Jews deserve
the possession of this land by God's command in heaven,
and the prophecy of Jesus Christ
has been confirmed in them,
as demons and sons of Satan,
following him in word and deed,
as stated in the Book of John,

when they said to Jesus,

"Our Father is Abraham."
Jesus said to them,
"If you were the people of Abraham,
you would do the works of Abraham!

But now you seek to kill me,
and I am a man
who has spoken to you the truth
that I have heard from God.

This was not done by Abraham.
You do the work of your father.

" And they said to him,

We have not been born of adultery.
We have one father, God.
Jesus said to them,
"You are from a father who is the devil,
and the desires of your father you want to do."

Yes, Jesus believed, it is not the State of Israel, the Prophet,
but: (the state of Satan),

does it survive?

And for how long?

Or its demise is a divine justice,
and its collapse is inevitable.

70. Then, in any way, do they inherit the Promised Land?
The prophets asked them to fight to own it,
but they rejected this offer and said:

﴿فَٱذْهَبْ أَنتَ وَرَبُّكَ فَقَٰتِلَآ إِنَّا هَٰهُنَا قَٰعِدُونَ﴾ [المائدة: 24]

(**So go ahead,**
you and your Lord, and fight.
We are staying right here) [Al-Ma'edah: 24].

71. This entity is weaker than survival,
and live only within a wall,
it is not surprising, to ask your weak enemy to fight,
and fortified from you,
but it is strange
when a strong enemy asks to fight you
while you are weak, but he fortified from you.

72. The prosperity and democracy
that the Israelis claim within this entity
is a farce and a lie.
This is proved by Israeli writers, researchers and media.
A number of them
still keep passports and addresses of their relatives or friends
in other countries
to travel and escape at any time.

73. The strange paradox
is what the Israeli writer (Barry Shimsh)
wrote in his book "The Fall of Israel"
that the international aid
and the financial support that this entity depends
on will itself be a cause for its collapse

and that this aid contributes to turn the Israelis
into beggars in the world.
Their generations don't depend on themselves to survive.
Then he said:
American aids must be cut
to preserve the honor of the state and the Israeli citizens.
He even said:
"All aids must be cut off
because they contribute to the collapse of the State of Israel.

74. The reliance on military force
and the various methods of killing,
oppression and destruction can't create a viable State,
and the story is greater than those who planned it.
The Arabs and Muslims have a civilization and ideologies
that have not been shaken,
despite the great afflictions they have suffered.

This indicates that the survival of this nation on its land is forever,
and the demise of this entity is a reality.

75. The State of the Israeli entity
is the transient thing in the Arab region,
its existence is modern,
and one defeat is enough to remove it from its place.

We are in this land,
for thousands of years,
we have been able to remain,
despite what happened and what is happening,
we are playing on our land ,
And it is for us no matter how long the conflict will be,
but the intruders' fate is to leave shortly.

76. The weakness of the Arabs and Muslims,
their division and fragmentation,
contributed to the exaggeration
of this dwarf (Israel) and its economy.
In fact it is much less significant than it seems.

Does the Israeli army realize
its inability to confront on the ground?
Is Israel aware of its weakness and emptiness from its inside?
Do you realize that its fall is inevitable at any moment?

77. The functional nature of Israel
means that the colonial powers
have created it to carry out functions and tasks,
which they have ceased to do directly,
and when these tasks are completed,
this entity ends with it.

78. The Israeli researchers themselves
are waiting for this miserable end of their state,
and they do not deny this fear,
until the amount of writing
about the end of Israel
has become so numerous that the founders of Israel
have been concerned about it
ever since its establishment
even about David Ben-Gurion,
the first prime minister.

79. There is no lesson in determining a specific time or date
for the end of this entity with different interpretations,
mathematical numbers,
mathematical equations,
or astronomical calculations.
This is the science of the unseen,
and the unseen only known by God.

80. It is necessary to believe
that the demise of this entity is an inevitable result,
and that the victory for the believers in Jerusalem
is about to come.

81. The certainty that victory is close to the believers,
and what the Arabs and Muslims
are going through in this time of adversity,
weakness and defeat,
is a scourge of God to them,
and urged to return to follow the curriculum
and teachings of Islam.

82. The need to believe
that God did not create people to leave them in vain.
The Jews have established states and kingdoms on the ground,
and corrupted everywhere,
and God destroyed their buildings,
and this new structure.
The injustice this time is bigger.
The corruption is greater,
and the end is like the previous ones, and maybe it is bigger.

83. All of this is because
the Jews are proud of themselves.
They consider all human beings are of the Gentiles,
and that all peoples are slaves to them.
They have the right to kill them,
loot their wealth and control it,
because of their hopes and wishes in their hearts
which they wrote in the Talmud,
and by the Lord's command in heaven to control this world,
its wealth and money.
And they have beaten themselves to folly and stupidity,
if he gave them their appearance in case,
he will not give them their solace in any case,
it is the curse of God!.

Finally,
there will be a defeat for the State of Israel,
and the demise of its entity
will be achieved on the land of Palestine,
and the Muslims will regain their land and dignity,
and enter Jerusalem and the Al-Aqsa Mosque,
destroying the State of Israel and its entity.
It is the God's will.

If a question is asked: How and when? The answer is that the system of human life in this universe is that they live in states. These states are governed by laws. These laws have two sources: laws issued by the House of Representatives, or laws issued by the Lord of Heaven. While the Jews established their state in the name of their prophet Israel, and they are false, and raised their blue flag from the Nile to the Euphrates, in the name of the star of the prophets of God, David and Solomon, and they are vain, yet they have won a victory over the Arabs. We as Arabs have the right to establish our state in the name of the Prophet Muhammad, we are right, and raise the flag in the name of no God but Allah, and we are right, and therefore we do so we will achieve victories and victories.
